25 January 2023

Dear Parents/Guardians

My name is Miss Jamie-lee Lydiate and I am excited to be back this year at Braeside to teach Science on Monday and Tuesday. I recently had a lovely year off on maternity leave after having my little boy, Harry. I previously started my teaching career in a small school near Corrigin. I moved to Katanning in 2020 where I taught pre-primary at Braeside. In 2021 I had the pleasure of aiding our year 6 cohort through their final year of Primary School and leading the Science and Technology curriculum.

I am so excited to be teaching our students the Science Curriculum this year. Science, directly and indirectly, influences all aspects of everyday life. From the food we eat to the way we get around, science is everywhere. Once you begin to see all the opportunities to learn, the relationship between science and critical-thinking skills become apparent.

Beginning when children are very young, science helps shape their development. As they learn to ask questions, make predictions, observe, test, and then communicate their findings, they are developing critical science skills.

Please feel free to contact me with any questions or concerns by email at jamie-lee.lydiate@education.wa.edu.au or alternatively you can make an appointment to meet with me after school on a Monday or Tuesday.

Kind Regards

Miss Jamie-lee Lydiate
Science Teacher
